

Ride the Health ONE Sky Ridge Medical Center® Express

It's here...the first Sky Ridge Express, providing free van service on our campus!
You might already have seen the van at the front entrance; the drivers will be trained over the next two days.

This free service will begin on Wednesday, February 13 and run from 6:30 a.m. to 8 p.m. We are asking each shift driver to track usage so that we can evaluate number of riders, peak times, key routes, etc. This will help us determine if/when we can run routes to the Light Rail station and/or ParkRidge, and whether we should adjust the hours of service on our campus. Please be sure to share your comments with the driver so that we can capture rider feedback. We will have a written survey on the van that you may complete as well.

The Route

To start, the Sky Ridge Express will be randomly circling our parking lots to pick up passengers. This will enable the driver to better assess high traffic areas/times. However, the driver will have a cell phone that you may call to schedule your pick up or drop off. The number is 303.596.7973.

Freebies

Starting February 13 through February 22, we will provide free donuts to our morning riders. Take the Express, give us your thoughts and enjoy a tasty treat!

Our Goals

As you know, we want to ensure that our patients and physicians have easy access to the hospital. We believe the Sky Ridge Express will ensure that all of us park in the appropriate areas as well as provide a convenient way for each of us to get to and from our cars throughout the day.

Thank you for your assistance as we grow to serve our community better!
As a reminder, if you have any concerns about parking,
please call Susan Hicks at 720-225-1004.
